

Junior TRADIES

Corporate Event Proposal

THE ONLY

DANGER

IS HAVING TOO MUCH FUN!

www.juniortradies.com.au

About Us

A real "WOW" factor

Junior Tradies corporate team NSW and SA offer construction-themed events for children aged 1-6 years providing a unique experience they will never forget! Owners Sonia and Adam were inspired by their son Beau and his ongoing love of all things construction.

Our kids construction theme offers building, excavation, driving and role play. Wearing hi-vis vests, hard hats and personalised ID badges (optional), the children will transform into Junior Tradies, letting their imaginations run wild in an innovative and educational environment.

Whether you choose an indoor or outdoor setting, we will set up, pack up and supply professional and experienced hosts - so you can relax knowing that the event is in great hands.

Working best in large open areas, we can cater for either intimate or sizeable celebrations, creating plenty of space for epic construction projects.

Imagine the kids driving construction themed cars around a track with street signs, barriers, traffic lights and railway crossings. Or for those budding builders, they can construct our pipe house and lay bricks around the framework.

Popular with the building and construction industries, we have also featured at community events as well as markets, shopping centres, parks and work places.

Consider us for your end of year celebrations, Family days or Christmas events..

Marquee

You won't miss our Junior Tradies Marquee - it is our focal point and the finishing touch to our set up at each event, whether it be indoor or outdoor. At 6M x 3M, It's eye-catching with our black and yellow brand colours and construction themed back drop. Perfect for shade on sunny days and a place for the kids to table play with magnetic building and a colouring in station. Ratchet straps and concrete feet are used to secure our marquee.

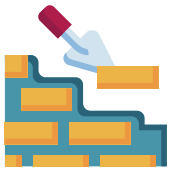

The kids will love it!

RECYCLING

Our Fleet

EXCAVATOR

Modelled after the real thing, our excavator comes with a host of impressive operating features that deliver a realistic excavating experience including foot accelerator, a central gear stick and an excavator lever that tilts the bucket and raises the lifting arms, a fully controllable excavator bucket & rear storage compartment. Other features are a remote control, large tent cover, smooth rear suspension, spacious seat, adjustable safety belt, four anti-slip tyres & functional horn.

AGE: 0 up to 6

SPEED: 3-4KMS

Our Ride-On Dump Truck is designed to unleash your child's imagination and sure to become one of their favourites once they put the pedal to the metal.

This top quality ride-on has absolutely everything; a suspension system, engine sounds, forward and reverse motion, horn and headlights. When the foot pedal is pressed the twin motors with SmoothStart technology offer safe acceleration. There's even a lever for kids to control the lifting of the dumping bed!

AGE: 2-6

SPEED: 3-5KMS

DUMP TRUCK

STREET SWEEPER

Our street sweeper truck with rotating brushes & removable garbage cans is perfect car for our littlest of Junior Tradies. This truck has 2 rotating sweeping brushes for kids to clean the street & 2 removable rubbish bins for toddlers to put all garbage. Kids can freely adjust its speed & directions with the help of functional buttons & steering wheel.

If needed, the remote control can help control the vehicle. It is also designed with cool LED lights, built-in music & horn to offer kids endless fun when they are driving. With 2-4 km/h speed & non-slip wheels, your little one will acquire a safe and smooth driving experience. Meanwhile, it is great for improving kid's self-confidence, hand-foot coordination & motor skills.

AGE: 1 up to 4

SPEED: 2-4KMS

Our Forklift is the first ever working forklift ride on car in Australia.

Along with a realistic look this forklift imitates functionality of a real forklift through working forklift Tines which can move up or down using a lever present on the dash board. It has Eva Foam Tyres for a soft ride, a small plastic pallet and remote control. The Fork can lift up to 10kg and comes with a small pallet as well.

AGE: 1-5

SPEED: 3-7KMS

FORKLIFT

Our Fleet

TRACTOR WITH TRAILER

Our Ride-On Tractor with Trailer boasts engine sounds, forward and reverse motion, horn and headlights. When the foot pedal is pressed the twin motors with SmoothStart technology offers a safe acceleration. Adults can control the tractor via the remote control, and have the option to take control at any time. The removable trailer is an awesome way for them to load bricks and deliver them to their work site!

AGE: 1 up to 6

SPEED: 3-5 KMS

The John Deere Construction Loader with working front loader takes outdoor play excitement to the next level! Your little riders will enjoy scooping up their load, driving to their destination & dumping it from the driver's seat. The adjustable seat is perfect for growing children. The 2-speed shifter with reverse allows drivers to ride at 4-6 km on grass, dirt or hard surfaces. Automatic brakes & extra traction wheels make driving easy, comfortable & safe. Speed is controlled with the 2nd gear lockout feature. The included 12v battery allows for 90 mins of fun playtime per charge, depending on the surface. (Only available in SA)

AGE: 3 up to 7

SPEED: 3.6 - 6KMS

JOHN DEERE FRONT LOADER

JOHN DEERE GATOR

Our John Deere Gator XUV Ride On – 12 volt is the perfect riding vehicle for little helpers! They'll drive around carrying everything imaginable in their extra large dump bed with opening tailgate. The accelerator pedal has automatic brakes. The 2-speed shifter with reverse allows them to drive at 3 or 6 km per hour on grass, dirt or hard surfaces. Parents will appreciate the adjustable seats and 6.8 km per hour lockout that prevents beginners from going too fast. The included 12v battery allows for 90 mins of fun playtime per charge, depending on the surface & 70kgs max operating weight. (Only available in NSW)

AGE: 3 up to 7

SPEED: 3.6 - 6.8 KMS

This ride on Volvo Excavator will transform your area into a real job site. Two 12V 35W motors power the Excavator to get the ride onto its worksite, then operate the bucket with the three levers, just like the real thing! Complete with LED headlights leather style seat with a seatbelt, this ride on is also equipped with FM radio, USB, Aux input, and Bluetooth, so they can listen to their favourite tunes while working hard. It is also equipped this model with a 2.4G remote; it can be controlled remotely, not just the movement of the ride on, but the digging bucket too!

AGE: 2 up to 6

SPEED: 3 - 5 KMS

VOLVO

Hosting

Depending on the size of your event, you will be allocated a sufficient number of professional and experienced hosts and staff members, all who come with their WWCC (Working with Children Certificate).

Our hosts are on hand to ensure your attendees can be safely remote controlled by their parent or guardian and to make sure they are constantly entertained. This could be building the pipe house, laying bricks or help to drive our fleet of cars. We also ensure that there is a rotation of drivers so that each child has the opportunity to enjoy the experience.

For the little ones who don't know how to drive - it's not an issue! Most of our cars can be remote controlled and our hosts can also show the parents how to operate.

Please note that there will be no food or drink allowed whilst in the Junior Tradies Works Zone.

A 30 minute interval may be required throughout the duration of any event for any change of batteries, rotation, replacement and repairs to cars. This will also allow a reset of all equipment and may require a closure of the site to ensure safety of all patrons. During this time this will allow our team the opportunity for a short refreshment and bathroom break.

What's included..

What's included..

Optional Extras
